MEDALS OF HONOR COLLECTION

TO OUR UNBREAKABLE COMMUNITY

This is for you—the loyal, rock-solid holders who have stood by us through every high and low. The Medals of Honor are our tribute to you, to your belief in us when we were tested, to the strength of your support that lifted us up and carried us forward. You've been more than a community; you are our family, the very heartbeat of everything we've built, and you deserve all the gratitude and honor we can give.

We remember the times when the path grew dark. Not only did the Caller Syndicate try to tear us down, but two of our own team members betrayed us, challenging everything we had worked for. But through it all, you stayed. You believed. Your unwavering dedication gave us the courage to rise above every challenge. Because of you, we didn't just survive—we thrived. Today, our businesses are reaching new heights, our vision is expanding, and our future looks brighter than ever, all thanks to your steadfast loyalty and unbreakable faith.

These Medals are more than symbols; they carry the story of resilience, unity, and the powerful loyalty that you showed us. They honor those who stayed true, who believed in a vision bigger than any setback, and who have been with us through every step of this journey. They are for you, and for those who will join us, inspired by your example to become part of something extraordinary.

As we look to the future, these Medals represent the legacy we are building together. They are a promise to each of you—a promise that we will continue to grow, to innovate, and to honor the incredible support you have given us. For those who join us next, may they learn from the strength of this community and feel the depth of commitment that each Medal represents.

From the depths of our hearts, thank you. Thank you for standing by us, for fighting with us, and for believing in a vision that grows brighter every day because of you. We are endlessly grateful to have each of you with us, not just as holders, but as true partners in this dream.

To all of you, with all that we have: here's to the future, to your future, and to the legacy we are building together. You are the soul of this project, the reason we strive, and the family we are so proud to have by our side.

With all our love, gratitude, and admiration,

Brad, Jim, Flo, Jordi

FUTURE OF
TOKENIZATION*

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

The Medals Of Honor are designed as both a reward for our most loyal long-term investors and a pivotal investment opportunity for those looking to be part of our future, and the future of global finance.

More than just an "Honor" , the Medals collection represent a key milestone in the evolution of XDRIP and its expanding network of innovative companies.

By joining us, you'll not only gain access to blockchain-powered real-world asset tokenization but also a chance to become a significant part of this groundbreaking journey. Whether you're exploring early investments or planning to make major commitments, this opportunity has something for every level of investor.

For our larger investors, exclusive pathways are being forged to give you unparalleled access to the development and success of our projects across XDRIP Digital Management, LLC, XMarket Digital Asset Solutions, Partnerships like ElaraTeq Sagl and the Switzerland based Skywalk1000 project, Tales of Xdripia, Xdripia Waves, Arcadian Pixels, and so much more!

The Medals of Honor stand at the forefront of tokenized investments, setting the stage for the future.

Get ready to invest in a new kind of future with XDRIP and its subsidiaries.
The benefits and rewards potential is absolutely amazing.

Visit xdrip.io or our Swiss portal xdrip.ch to learn more and stay up to date on this exciting release!

INTRODUCTION TO DOTs | DIGITAL OWNERSHIP TOKENS BY XDRIP DIGITAL MANAGEMENT LLC

Your Digital Ownership Tokens

XDRIP Digital Management LLC is proud to present DOTs (Digital Ownership Tokens), our new evolution of traditional NFTs. DOTs represent a revolution in digital ownership, offering users more advanced control and an expanded range of benefits within the XDRIP ecosystem. Thanks to DOTs, each digital ownership token ensures greater security, transparency, and access to exclusive advantages, strengthening the bond between our members and the opportunities offered by "The Forge." DOTs are not just symbols of ownership; they are dynamic tools that enhance user experience, allowing for more active and rewarding participation in our innovative community.

Enhanced Security and Transparency

DOTs leverage advanced blockchain technology to ensure secure and transparent ownership. Each token is uniquely verified on the blockchain, providing immutable proof of ownership and safeguarding against fraud. This enhanced security framework guarantees that your digital assets are protected and your ownership rights are clearly documented.

Exclusive Access to Premium Benefits

Holding a DOTs grants you unparalleled access to a suite of premium benefits within the XDRIP ecosystem. From early insights on upcoming projects and special event invitations to limited edition digital collectibles and gain access to the Revenue Pool Shares, DOT holders enjoy a range of exclusive perks designed to elevate their experience and maximize their rewards.

Dynamic Utility and Community Engagement

DOTs are not just symbols of ownership; they are dynamic tools that empower holders to actively participate in the growth and governance of the XDRIP ecosystem. With DOTs, you gain voting power in key decisions, influence strategic developments, and engage directly with the community through exclusive channels. This active participation ensures that your voice is heard and that you play a pivotal role in shaping the future of XDRIP Digital Management LLC.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

THE CREATIVE HEART
OF XDRIPIA

Welcome to The Forge, where legends are born and digital artistry reaches its pinnacle. Nestled in the heart of Xdripia, The Forge stands as a testament to the fusion of ancient magic and cutting-edge technology. It is here that the most powerful XDRIP DOTs are created, each one a unique masterpiece forged from the essence of the land and the spirit of its Guardians.

FORGING ART | DELIVERING VALUE

POWERED BY
XDRIP

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

Xdripia's Ultimate Arena of Valor

In the mythical land of Xdripia, a beacon of courage and relentless perseverance stands above all else: The Forge of Destiny. This revered place, shrouded in mystery, is the ultimate arena where only the most steadfast and fearless warriors dare to tread. Here, champions face brutal trials, their mettle tested against both the elements and the fierce legacy of those who came before. This journey is not simply for glory but is a proving ground for the heart, strength, and unwavering loyalty to the people of Xdripia.

Journey to the IronForge Mountains

Nestled within the unforgiving, jagged peaks of the IronForge Mountains, The Forge of Destiny remains hidden from those not called by destiny. The journey alone is the first trial—an arduous trek through treacherous ravines and chilling winds designed to strip away any pretenders. Only those with resilience in their hearts and fire in their spirits will emerge at the gates of the Forge, ready to face the ordeals within.

Trials of the Guardians

The warriors who make it to the Forge are tasked with surviving a series of increasingly formidable challenges. Each test pushes them to the edge of their abilities, testing not only their strength but their courage, wisdom, and loyalty. These trials are set by the ancient guardians of Xdripia, remnants of an era when the land faced its greatest perils, including betrayal from within.

Darkness and Resilience

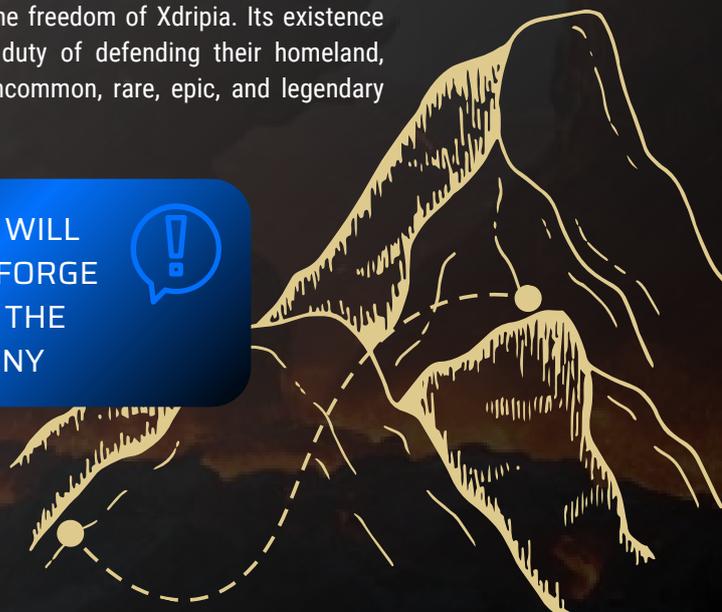

In these dark times, Xdripia has seen betrayal from allies, sabotage from within, and the relentless assault of the Caller Syndicate—a ruthless coalition of traitors who seek to tear apart the unity of Xdripia. The Syndicate's attacks have left scars on both the land and its people. But with every strike from the enemy, the Forge produces a new champion, a beacon of hope to rally the people.

Eternal Symbols of Heroic Sacrifice

For the few who emerge victorious from this sacred place, they earn more than glory—they earn the right to forge the Medal of Honor. This medal is a sacred symbol, imbued with the memories of battles fought, and a promise to guard Xdripia against all foes, external and internal. Each medal represents not just a battle but a personal sacrifice and the resilience of those who fight for the freedom of Xdripia. Its existence binds the warrior to the ancient duty of defending their homeland, marking them among the most uncommon, rare, epic, and legendary heroes in history.

DOTs AS A TOOL FOR DEVELOPMENT

When we refer to DOTs within the Medals of Honor, we are specifically talking about the DOTs related to this particular project. The features, benefits, and structure of these DOTs are unique and directly tied to the Medals of Honor ecosystem.

For other initiatives or projects developed by XDRIP Digital Management LLC, DOTs may be structured differently, with distinct functionalities and advantages tailored to each specific project. This flexibility is one of the key strengths of DOTs: every project is unique, allowing the DOTs to be customized according to the specific needs of the initiative.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

Overview

This exclusive 5-tier DOTs collection is for serious investors that combines investment, community engagement, and integration with our native token, XDRIP. Designed to provide financial and experiential rewards, each tier requires sequential ownership, building up from Common to Legendary. Additionally, XDRIP token holdings add another layer of benefits, with incremental rewards for holders who maintain between 0.5% to 1.5% of the XDRIP token supply.

Mission

Our mission is to leverage the potential of DOTs to create an investment power-house that blends real-world value with digital rewards. This collection enables holders to actively participate in our growth while supporting the tokenization of tangible assets, offering both financial and experiential incentives.

Medals of Honor 5-Tier model

To maximize value and rewards, holders must own each preceding tier sequentially, starting from Common and advancing to Legendary. Each user is limited to one DOTs per tier, with bonuses applied based on their total XDRIP holdings. This exclusivity maximizes the value and rewards for each DOTs holder, encouraging full-tier progression for optimal benefits.

DOTs Pricing and Purchase Options

You have the flexibility to purchase DOTs with various digital and traditional currencies to ensure maximum flexibility and accessibility. Follow the instructions provided on the selected platform to complete your purchase smoothly.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

Exclusive Access and Unique Experiences

Owning a DOT within the XDRIP ecosystem grants you exclusive access to a realm of unparalleled experiences and premium content. Each tier unlocks unique privileges, allowing holders to participate in special events, explore members-only areas, and engage with distinctive opportunities reserved solely for DOTs owners. Whether it's gaining early entry to innovative initiatives or accessing exclusive areas, every DOT serves as a key to a spectrum of distinguished experiences that elevate your journey within the community.

Rewards and Influence

As a Medal of Honor DOTs holder, you are entitled to a diverse range of rewards that enhance both your participation and investment within the XDRIP ecosystem. These benefits include exclusive discounts, priority support, and special incentives that add tangible value to your ownership. Additionally, your DOTs empowers you with a voice in governance, enabling you to influence key decisions and contribute to the strategic development of the platform. This dual advantage of earning rewards and having a stake in the ecosystem's future ensures that your involvement is both rewarding and impactful.

Buyer Responsibility

XDRIP Digital Management LLC is not liable for any discrepancies arising from fluctuations in BNB prices or any adjustments made during the purchasing process, including transaction fees.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

The Eternals DOTS | Overview

The Eternals DOTS, priced at \$125,000 (or 200 BNB), represents the pinnacle of our membership structure. Unlike other tiers, The Eternals can be purchased independently, without the need to own the preceding tiers. By acquiring an Eternal DOTS, investors secure a significant long-term potential revenue share and bind their souls to XDRIP Digital Management LLC, symbolizing an unbreakable alliance and enduring commitment to our ecosystem. (Tokenization, XECHO, XMarket, StudioX, Tales of Xdripia, Xdripia Waves, Arcadian Pixels and all future services provided by XDRIP Digital Management LLC not yet disclosed.)

Forged in the celestial fires and bound by their very souls to XDRIP Digital Management LLC, The Eternals embody the ultimate alliance between human spirit and digital mastery. These rare and exalted DOTS signify an unbreakable bond, ensuring their holders are forever intertwined with the legacy and future of XDRIP. As eternal guardians, they receive unparalleled privileges, exclusive access to the highest tiers of our ecosystem, and a lasting influence on the strategic direction of our platform. The Eternals are the living embodiment of XDRIP's vision, dedicated to safeguarding and advancing our digital realm for generations to come.

Sit at the Helm of the Company

The Eternals will have the opportunity to sit directly at the helm of the company with significant voting rights on decisions and the future of XDRIP Digital Management LLC alongside our Executive Board.

Become an eternal

Forget about going unnoticed—standing out with a Medals of Honor DOTS is already an achievement, but becoming an Eternal of the Forge of Destiny is something entirely different.

Participate in the Success of XDRIP Digital Management LLC

The Eternals do not adhere to mortal rules and transcend even the limits of the heroes who hold a Medal of Honor. Eternal status rewards the holder with access to multiple revenue streams generated from all activities of XDRIP Digital Management LLC.

The Eternals Pricing

- 125'000\$ minimum investment (currently equivalent to 200 BNB).

The price of our DOTS is fixed in United States Dollars (USD). Please be aware that the value of the USD equivalent to the amount of Binance Coin (BNB) required to purchase a DOT may vary due to the fluctuating market value of BNB at the time of your transaction. While the USD price remains constant at \$125'000, the equivalent USD to BNB amount is subject to change based on current exchange rates and market volatility.

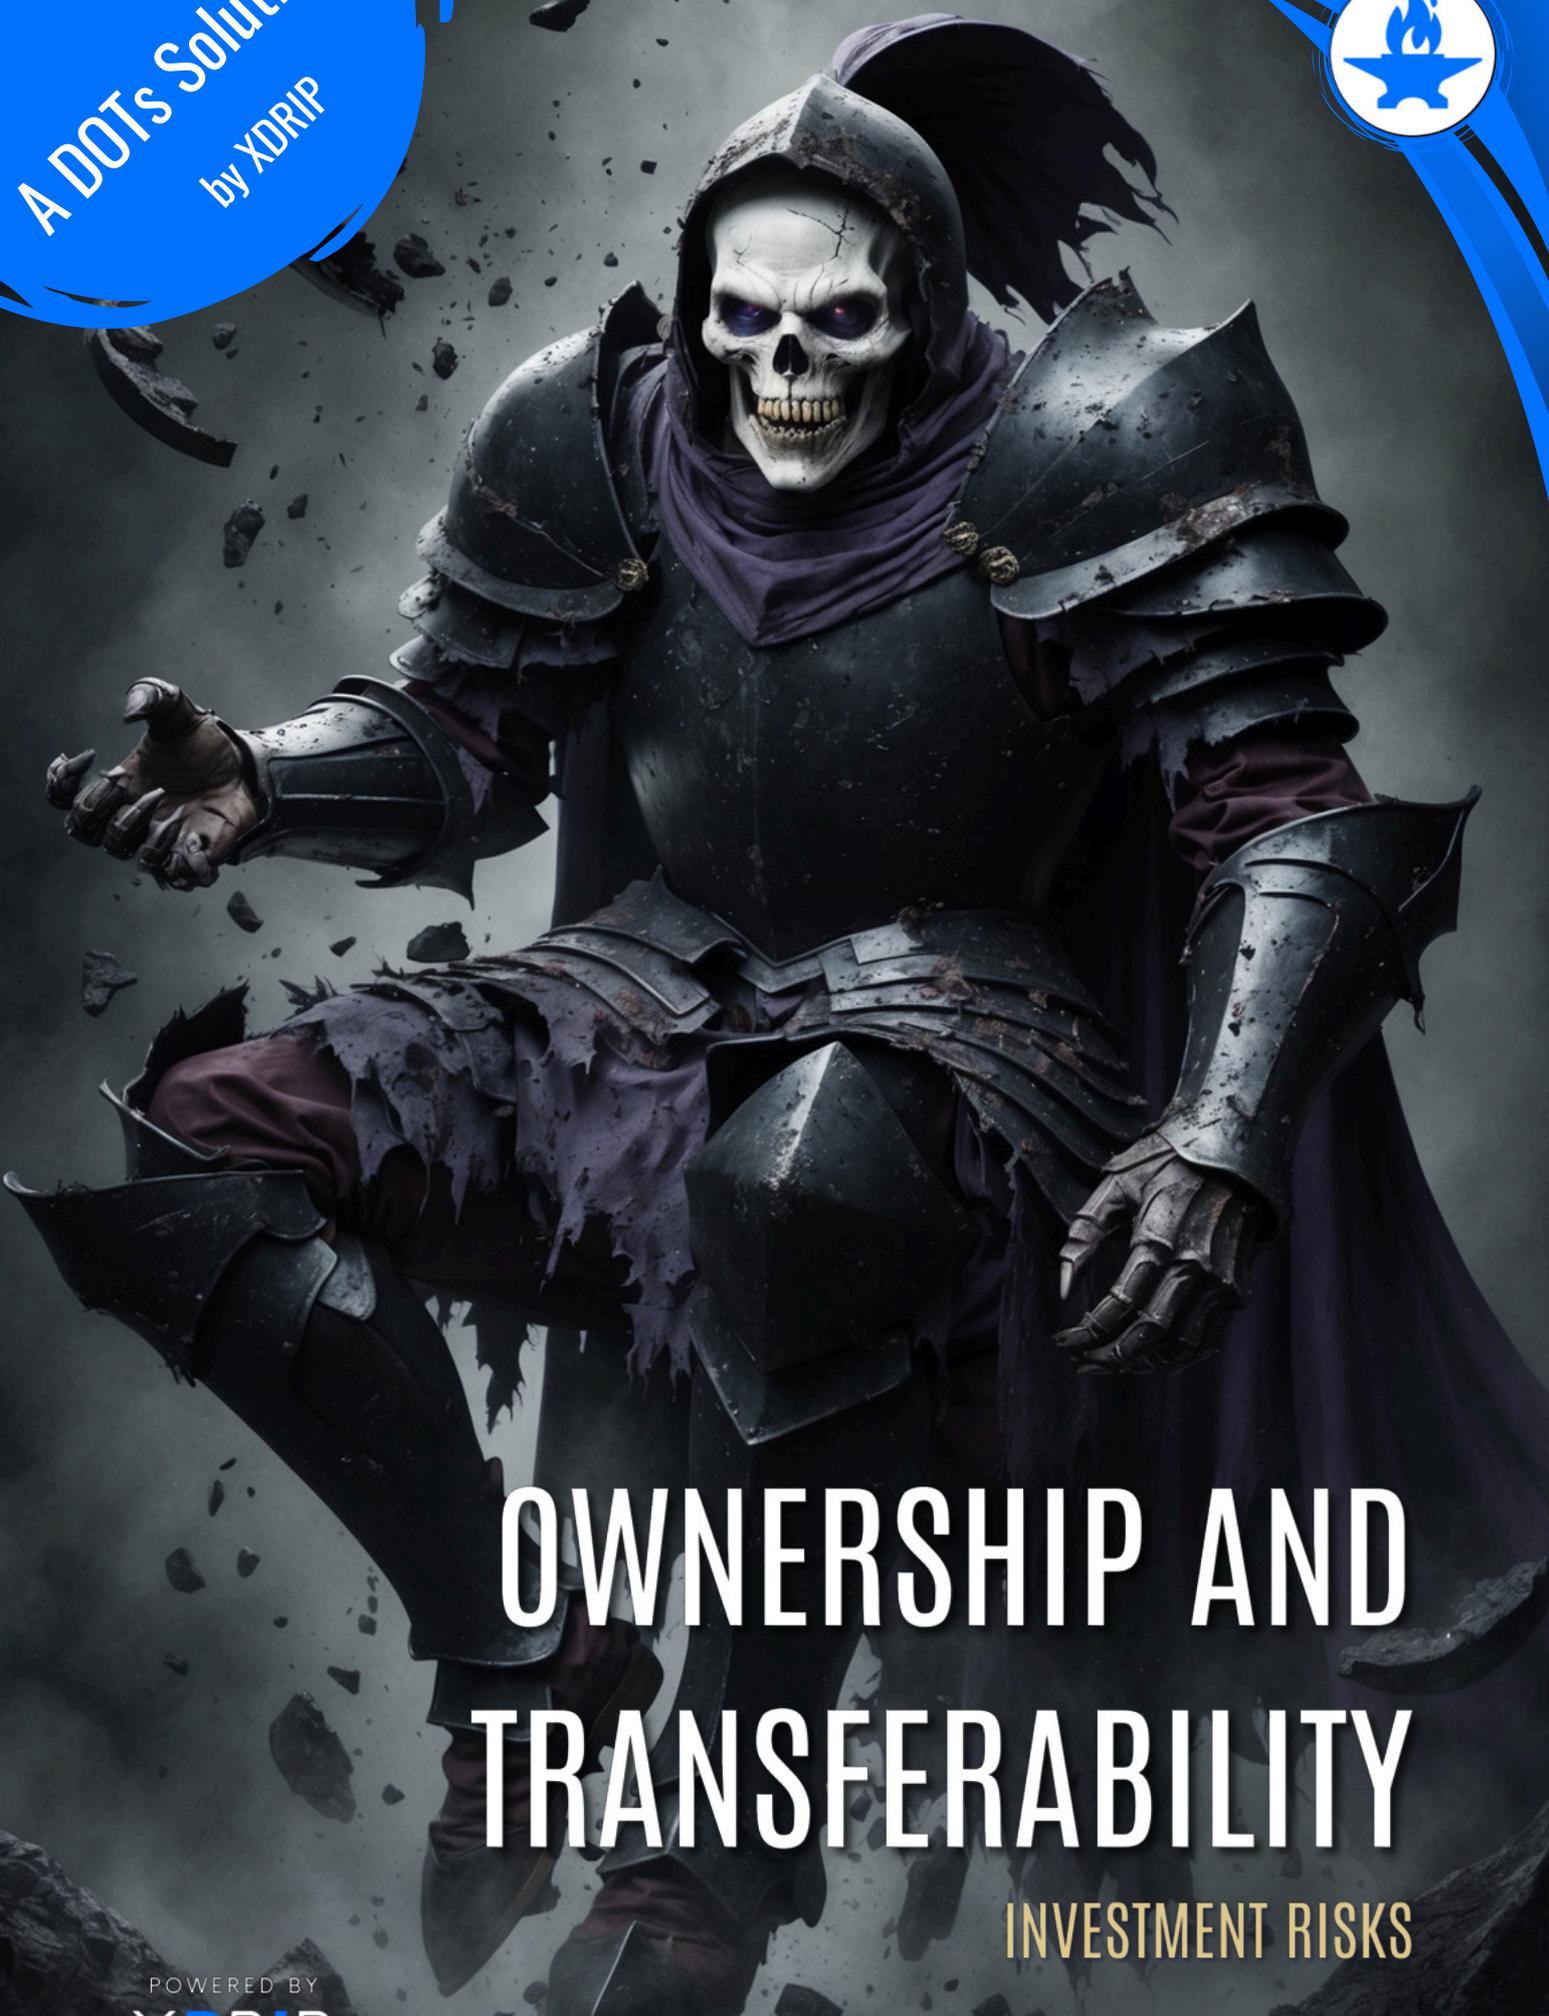

XDRIP Digital Management LLC reserves the right to modify the amount of BNB to suit the market volatility.

As a significant investor, your benefits are intrinsically connected to the overall profitability of the company. This status grants you the opportunity to engage in multiple revenue streams that derive direct benefit from the success of the company as a whole. In contrast to smaller tiers, which are linked to specific reward pools, an Eternal's involvement encompasses all revenue streams. Quarterly growth directly enhances your returns, and as we continue to expand, your position remains vital, presenting the potential for sustained financial advantages.

Find out more details about the Eternals in the dedicated section

OWNERSHIP AND TRANSFERABILITY

INVESTMENT RISKS

POWERED BY
XDRIP

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

OWNERSHIP AND TRANSFERABILITY: TERMS AND CONDITIONS

Non-Transferable

The Digital Ownership Token (DOT) represents a unique and exclusive connection between the holder and the project, symbolizing their initial participation. This token is strictly non-transferable and cannot be sold, traded, or transferred to any third party under any circumstances. The only exception to this rule is the transfer to designated beneficiaries in the event of the holder's death. This ensures the integrity and exclusivity of the DOT and its associated benefits.

See next page for transferability across personal wallets.

Non-Tradable

The Medals of Honor DOT is designed as a one-time, non-tradable asset, created solely for participation within the XDRIP Digital Management LLC ecosystem. It has no external market or exchange value and is not intended to be used as a speculative financial instrument. As a non-tradable token, it cannot be resold, bartered, or used for any trading activities, ensuring its primary purpose is to enhance engagement within the project.

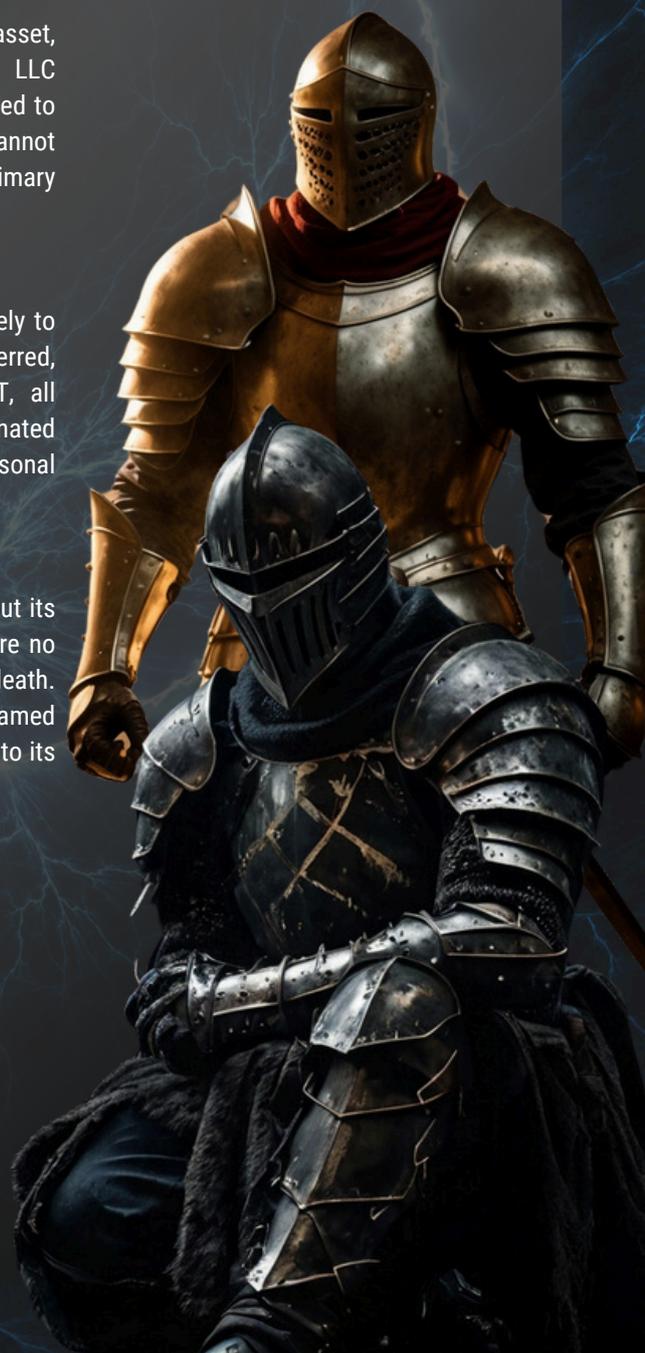

Exclusive Holder Benefits

All benefits, privileges, and rewards tied to the DOT are granted exclusively to the original holder. These rights are strictly personal and cannot be transferred, traded, or shared. Should an attempt be made to transfer the DOT, all associated benefits will immediately cease to apply. Only designated beneficiaries may inherit these rights, maintaining the exclusivity and personal connection between the DOT holder and the project.

Final Digital Ownership

Ownership of the DOT remains with the initial purchaser (wallet) throughout its lifecycle, providing long-term access to the project's ecosystem. There are no provisions for resale, reassignment, or transfer except in the event of death. Upon the holder's passing, ownership may only be transferred to a named beneficiary, preserving the personal nature of the DOT and the connection to its original intent.

BECOME THE KEEPER OF
THE MEDALS OF HONOR

MOH HOLDER GUIDE - HOW PROGRESSION WORKS

Once you mint a medal, you PERMANENTLY unlock the next tier - even if you sell or move that medal.

Mint Common → You can now mint Uncommon FOREVER
Sell/transfer that Common → You can STILL mint Uncommon
The contract tracks that you MINTED it, not that you OWN it

Example:

You mint Common for 0.5 BNB
Send Common to cold storage or sell it
You can still mint Uncommon, Rare, Epic, Legendary
The buyer of your Common CANNOT mint Uncommon (they didn't mint the Common originally)

HOW DISTRIBUTION WORKS

Distribution goes to wherever the medals are RIGHT NOW.

Medal in Wallet A = Distribution goes to Wallet A
Medal in Wallet B = Distribution goes to Wallet B
Doesn't matter who minted it originally

Example:

You mint all 5 tiers
Send Common to cold storage
Keep other 4 in hot wallet
Distribution runs:

Cold storage gets Common weight (10)
Hot wallet gets other weights (250)

CRITICAL POINTS FOR HOLDERS

You can split medals across wallets - each wallet gets its portion
Progression rights NEVER transfer - only original minter can continue tiers
Distribution rights ALWAYS transfer - follows the medal
Stolen medals = stolen distributions (unless we manually override)

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

INVESTMENT RISK AND NO GUARANTEE OF RETURN

Investment Risks and Considerations

The acquisition of DOTs (Digital Ownership Tokens) involves inherent risks, including the possibility of a total loss of value. There are no guarantees of financial gain, and as with any digital asset, past performance is not indicative of future results. Investors are encouraged to conduct thorough research and, if necessary, consult financial experts before making investment decisions.

Utility and Non-Transferability of Rights

DOTs are exclusively usable within the XDRIP ecosystem and are non-transferable, except in the case of inheritance to designated beneficiaries. They cannot be exchanged for fiat currency or other digital assets. The utility of DOTs may vary depending on project developments and conditions within the digital ecosystem. Investors should take these limitations into account when making a purchase.

No Guarantee of Returns

XDRIP Digital Management LLC does not provide any guarantees on potential returns from DOTs. The benefits associated with DOTs are dependent on the overall success of the company's projects and are not assured. Investors should consider DOTs as access to ecosystem-related benefits rather than guaranteed financial returns.

Non-Financial Classification of DOTs

DOTs are not classified as financial instruments, as they do not confer ownership rights in XDRIP Digital Management LLC, nor do they entitle holders to dividends or other financial benefits. They are designed exclusively to provide access to digital services and features within the ecosystem and do not represent financial claims or obligations subject to securities regulations.

Technological and Regulatory Risks

Investors should consider the technological and regulatory risks associated with DOTs, including the potential for technical vulnerabilities or regulatory changes. While blockchain technology provides advantages in terms of security and transparency, it is still subject to challenges and regulatory updates that may affect the legitimacy or functionality of DOTs in certain jurisdictions.

Final Considerations

DOTs are digital tokens designed to encourage participation in the XDRIP ecosystem, with no guaranteed financial returns. Their primary purpose is to provide access to specific services, and these benefits may be modified or discontinued based on project developments. Those considering the acquisition of DOTs should carefully evaluate the risks and ensure that their decision aligns with their goals in the digital asset space.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

MEDALS OF HONOR DOTs COLLECTION REWARDS CATALOGUE

The Medals of Honor DOTs Collection by XDRIP Digital Management LLC offers a range of exclusive benefits designed to enhance the experience and rewards for our esteemed holders. Below are the general explanations for each perk that can be included in this collection. The actual perks depend on the Tier of your participation.

1. Revenue Pool Access

Holders of Medals of Honor DOTs can gain exclusive access to the Revenue Pool, a dedicated fund where the proceeds from various XDRIP projects are collected. This pool is distributed among holders based on their level of participation and investment, providing a steady stream of income and rewarding long-term commitment to the XDRIP system.

2. Tokenization Access

Medals of Honor DOTs holders can be granted privileged access to Tokenization projects promoted by XDRIP Digital Management LLC, allowing them to participate in the creation, purchase, and trading of new tokenized projects. This access offers unique investment opportunities and the ability to engage in the early stages of innovative ventures within the company.

3. Events Access

DOTs holders can receive invitations to exclusive events hosted by XDRIP, including webinars, workshops, and networking sessions. These events provide valuable insights into upcoming projects, industry trends, and opportunities to connect with other influential members of the community.

4. Private Events Access

In addition to general event access, Medals of Honor DOTs holders can be invited to private, members-only events. These intimate gatherings offer deeper engagement with the XDRIP team, strategic discussions, and opportunities to collaborate on high-impact projects within a select group of elite members.

5. Revenue Statement

Holders can receive regular revenue statements detailing the performance and distribution of the Revenue Pool and XDRIP Digital Management LLC solutions. These statements provide transparency and allow holders to track their earnings, understand the financial health of the XDRIP projects, and make informed decisions about their investments.

The items are arranged randomly—please refer to the detailed breakdown section for the benefits associated with each tier.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

6. Community Voting

Medals of Honor DOTs holders can be empowered with voting rights, allowing them to influence key decisions within the XDRIP community. Through community voting, holders can participate in shaping the direction of projects, the allocation of resources, and the implementation of new initiatives, ensuring that their voices are heard in the governance of the system. ng, offer feedback, and participate in high-level discussions that drive the future growth and innovation of the company. rn on their investment.

7. Unlocks XDRIP Holder Bonus

\$XDRIP Token holders can benefit from bonuses applied to our exclusive Medals of Honors Digital Ownership Tokens (MOH DOTs), which provide a suite of elite benefits.

8. Collectible Perks

DOTs holders can gain access to unique collectible perks, such as limited edition digital art, exclusive DOTs, and other rare items. These collectibles not only serve as symbols of ownership and status but also increase in value over time, adding an additional layer of investment potential to the DOTs.

9. Executive Board Access

Selected DOTs holders can be granted access to the Executive Board, where they can engage directly with the leadership team of XDRIP. This access provides opportunities to contribute to strategic planning, offer feedback, and participate in high-level discussions that drive the future growth and innovation of the company.

10. Global Revenue Share

DOTs holders can be entitled to a share of the global revenue generated by the overall profitability of the XDRIP Digital Management LLC Company. This global revenue share ensures that holders benefit from the expansion and success of XDRIP's ventures worldwide, providing a diversified and substantial return on their investment.

11. Legacy Recognition

Holders of Medals of Honor DOTs can receive Legacy Recognition, being immortalized in a special section of the XDRIP platform. This honor celebrates their significant contributions and lasting impact on the development and success of XDRIP Digital Management LLC, ensuring their legacy within the community.

The items are arranged randomly—please refer to the detailed breakdown section for the benefits associated with each tier.

by XDRIP

SHARED REVENUE POOL

HOW IT WORKS

POWERED BY
XDRIP

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

REVENUE POOL - HOW IT WORKS

MEDALS OF HONOR DOTs COLLECTION | REVENUE POOL

Revenue Sharing & XDRIP Bonus Structure

The revenue-sharing model grows with each tier. Holders receive cumulative shares of quarterly revenue distribution, with an added 10% multiplier at the Legendary level for full-tier completion. Additionally, XDRIP token holders benefit from a tiered reward structure, gaining extra benefits starting at 0.5% of the total token supply holdings and up to 1.5% of total token supply.

Total Revenue Collection

Revenue is generated from multiple streams, including DOTs sales, tokenized projects, subscription services, and other platform services granted by XDRIP Digital Management LLC as a whole Ecosystem. The revenue pool needs to be sustainable and still reward all holders based on their investment level.

This diverse approach not only ensures a steady flow of income but also fosters innovation and adaptability within the digital landscape. By leveraging cutting-edge technology and strategic partnerships, XDRIP Digital Management LLC continuously seeks to enhance its offerings and deliver exceptional value to its users. This holistic ecosystem empowers creators, investors, and consumers alike, facilitating seamless interactions and opportunities for growth in the rapidly evolving digital economy. As the ecosystem expands, it remains committed to sustainability and inclusivity, ensuring that everyone can participate and benefit from this dynamic digital marketplace.

Revenue Pool Allocation

XDRIP determines the allocation of any rewards to the Revenue Pool, sourced from various company activities and multiple revenue streams. This pool is then distributed to all holders, but based on a weighted system: the more valuable and higher-tier DOTs you own, the larger your share of the pool.

Weighted Distribution Explanation

Each DOTs tier contributes a different number of weight points to the pool. Holders of higher DOTs get more points, so do the XDRIP Token Holders through their bonuses, ensuring they receive a larger share of the revenue pool.

Fairness Across Tiers

Every DOTs holder can get portion of the revenue pool, but those who own higher-tier DOTs receive more due to the weighted system.

Incentivizing Full Progression

The weighted structure encourages investors to progress in the tiered DOTs system to eventually maximize their revenue share.

Eternals Advantage

Holders of "Eternal" DOTs are granted a distinct share of potential proceeds from various activities managed by XDRIP, separate from any allocations made to the shared fund.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

REVENUE POOL - HOW IT WORKS

WEIGHTED DISTRIBUTION SYSTEM

Tier-Based Weighted Pool Allocation

The Medals of Honor DOTs Collection employs a Weighted Distribution System to ensure a fair and proportional allocation of the Revenue Pool based on the tier of each DOT holder. This system leverages five distinct tiers—Common, Uncommon, Rare, Epic, and Legendary—each assigned a specific weight percentage: 10%, 25%, 45%, 70%, and 100%, respectively. These weights determine the share of the Revenue Pool each holder is entitled to receive.

Tier Definitions and Weight Percentages

I.

Common Tier

- Weight Percentage: 10%
- Entry-level tier providing foundational benefits and a modest share of the Revenue Pool.

Uncommon Tier

- Weight Percentage: 25%
- Intermediate tier offering enhanced benefits and a greater share of the Revenue Pool compared to the Common Tier.

II.

III.

Rare Tier

- Weight Percentage: 45%
- Advanced tier delivering significant benefits and a substantial share of the Revenue Pool.

Epic Tier

- Weight Percentage: 70%
- Premium tier providing extensive benefits and a dominant share of the Revenue Pool.

IV.

V.

Legendary Tier

- Weight Percentage: 100% (+10% upon full-tier progression)
- Elite tier offering unparalleled benefits and the maximum share of the Revenue Pool, reflecting the highest level of investment and commitment on the MOH progression.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

EXAMPLE OF WEIGHTED DISTRIBUTION SYSTEM

To illustrate how the Weighted Distribution System works, consider the following example with randomly assigned numbers of DOTs sold per tier:

Common Tier

- Weight Percentage: 10%
- Number of DOTs Sold: 150
- Total Weight Contribution: $150 \text{ DOTs} * 10\% = 1,500$ points

Uncommon

- Weight Percentage: 25%
- Number of DOTs Sold: 100
- Total Weight Contribution: $100 \text{ DOTs} * 25\% = 2,500$ points

Rare Tier

- Weight Percentage: 45%
- Number of DOTs Sold: 75
- Total Weight Contribution: $75 \text{ DOTs} * 45\% = 3,375$ points

Epic Tier

- Weight Percentage: 70%
- Number of DOTs Sold: 50
- Total Weight Contribution: $50 \text{ DOTs} * 70\% = 3,500$ points

Legendary Tier

- Weight Percentage: $100\% + 10\%$
- Number of DOTs Sold: 25
- Total Weight Contribution: $25 \text{ DOTs} * 100\% = 2,750$ points

Total Weight Calculation: $1'500 + 2'500 + 3'375 + 3'500 + 2'750 = 13'625$ points

REVENUE POOL ALLOCATION EXAMPLE

Assume the total Revenue Pool for a quarter is \$100,000. Here's how the distribution would work based on the weighted points:

Common Tier (Cumulative)

- Weight Contribution: 1,500 points
- Share of Revenue Pool: $1'500 / 13'625 * 100'000 = \$11'009$
- Reserved to the single Common DOT: $11'109 / 150 = \$73.40$

For the Uncommon, Rare, Epic, Legendary Tiers, the same principles apply, adding back up to the initial pool size.

Total Distributed: $\$11,009 + \$18,349 + \$24,771 + \$25,688 + \$20,183 = \$100,000$

We aim to deliver the best and most equitable experience possible for our community.

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

IMPACT OF TIER WEIGHTS ON REVENUE POOL SHARE

- **Higher Tiers, Greater Rewards:** Holders in higher tiers (Epic and Legendary) receive a significantly larger share of the Revenue Pool compared to those in lower tiers (Common and Uncommon). This incentivizes holders to invest in higher-tier DOTs to maximize their returns.
- **Weighted Influence:** The weight percentages ensure that the distribution is fair and reflects the level of investment and commitment each holder has made to the XDRIP system.

ADDITIONAL INCENTIVES FOR XDRIP TOKEN HOLDERS

- **\$XDRIP Token Bonuses:** XDRIP Token holders receive additional weight points through their bonuses, further enhancing their share of the Revenue Pool. This ensures that active participation and investment in XDRIP Tokens are rewarded, promoting a robust and engaged community.
- **Cumulative Benefits:** Combining DOTs tier weights with XDRIP Token bonuses allows holders to increase their share of the Revenue Pool, providing a compelling incentive to both acquire higher-tier DOTs and invest in XDRIP Tokens.

A DOTs Solution
by XDRIP

F.A.Q!
I'M LOST

POWERED BY
XDRIP

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

F.A.Q.

1. What are DOTs?

DOTs are one of our key solutions we offer at XDRIP Digital Management LLC. DOTs (Digital Ownership Tokens) are a flagship solution developed by XDRIP Digital Management LLC, offering advanced digital ownership with enhanced security, exclusive benefits, and dynamic utility within the XDRIP system.

2. Do DOTs only exist for the Medals of Honor and inside the Forge of Destiny?

No, DOTs are not limited to the Medals of Honor or the Forge of Destiny.

While DOTs play a significant role within the Medals of Honor and Forge of Destiny, they are designed to be flexible and adaptable to various projects and initiatives. XDRIP Digital Management LLC can create and apply DOTs across a wide range of tokenization efforts, each with its own unique structure, benefits, and purpose. This versatility allows for the application of DOTs in other innovative projects, extending their utility beyond just one system.

3. How do I acquire DOTs?

You can obtain DOTs by progressing through our five-level system, from Common to Legendary, or by independently purchasing the Eternal DOTs. We have developed a dedicated platform for DOT acquisition: moh.xdrrip.io.

4. Can I transfer my DOTs?

Ownership of DOTs is only transferable to designated beneficiaries. This means that while you cannot sell, trade, or transfer your DOTs to another party, you can designate beneficiaries who will inherit your DOTs and their associated exclusive benefits upon your passing. To maintain these benefits, holders must adhere to the established structure and progression.

5. What happens if BNB prices fluctuate?

The USD price of DOTs is fixed, but the BNB amount required may vary based on current market rates. XDRIP Digital Management LLC reserves the right to modify the amount of BNB to suit the market volatility..

6. What are the benefits of holding DOTs?

DOTs holders can enjoy exclusive access to premium benefits, VIP event perks, limited edition content, enhanced community engagement, special discounts, personalized experiences, communication and support, recognition awards, transferable ownership restrictions, global revenue share, and legacy recognition.

7. What is the purpose of DOTs?

DOTs are designed to provide participants with exclusive access and rights within the XDRIP ecosystem, offering a secure, transparent, and immersive way to engage with the platform. DOT holders enjoy unique benefits based on their level of participation.

Still got any questions? Get in touch directly - we are always here for you!

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

F.A.Q.

8. How are DOTs different from NFTs?

While DOTs share similarities with NFTs, they go beyond by offering enhanced security, broader utility, and tier-based benefits. DOTs are not just collectibles; they provide access to specific privileges within the XDRIP system, such as governance participation and exclusive event access.

9. Can I pass on my DOTs to a family member in extreme circumstances?

Yes, Through Designated Beneficiaries.

DOTs can be passed on to designated beneficiaries in case of the holder's passing. This ensures that the benefits tied to the DOTs can be inherited, preserving their value for future generations within your family.

10. How is the value of DOTs determined?

The value of DOTs is directly linked to their utility within the XDRIP ecosystem. While they do not possess a market or exchange value, their worth is reflected through the access, perks, and privileges associated with holding them, such as event access and governance participation. The initial price of DOTs is determined by XDRIP Digital Management LLC and may be adjusted at any time to account for market fluctuations or other relevant factors.

11. Are DOTs holders involved in decision-making?

DOTs holders at certain tiers are granted voting rights, allowing them to participate in key decisions within the XDRIP ecosystem. This ensures that holders have a voice in shaping the future of the platform and its initiatives.

12. How does the tier system work?

The tier system allows users to progress through different levels of DOT ownership, starting from Common and advancing to Legendary. Each tier unlocks additional benefits and perks, offering increasing rewards as users climb the ladder of engagement.

13. What makes Eternals DOTs so special?

The name says it all: they are The Ultimate Tier of Digital Ownership inside XDRIP Digital Management LLC

Eternals represent the pinnacle of the XDRIP system, offering the highest level of access, potential benefits, and influence. Unlike other tiers, Eternals DOTs can be purchased independently and provide exclusive privileges, including revenue share across all XDRIP Digital Management Solutions and Platforms and direct influence over company decisions.

14. How are DOTs secured?

DOTs leverage blockchain technology (Binance Smart Chain) to ensure each token is secured through an immutable ledger. This provides tamper-proof ownership records, protecting holders from fraud and ensuring the integrity of their digital ownership.

Still got any questions? Get in touch directly - we are always here for you!

THE FORGE OF DESTINY

MEDALS OF HONOR COLLECTION

F.A.Q.

15. Are there any limits on how many DOTs I can hold?

It is limited based on Tier Progression.

Users are limited to one DOT per level, encouraging progression through the system. **Once a progression is completed, the user is enabled to start a second progression if they so wish.**

16. What happens if I stop participating in the system?

While active participation unlocks the full range of benefits, DOT ownership does not require ongoing engagement. Holders can continue to enjoy the exclusive perks associated with their DOTs, though increased involvement may unlock additional rewards. Some benefits may include opportunities for travel or other experiences, but participation in these activities is entirely optional and not mandatory.

17. How is the revenue pool filled?

The revenue pool is funded through the profits generated by XDRIP Digital Management LLC and its various projects. A percentage of the net earnings from different revenue streams—such as tokenized projects, platform services, and other business activities—is allocated to the revenue pool. The pool is then distributed among eligible DOT holders based on their tier and participation level. This ensures that holders benefit directly from the success of the company's ventures, with higher-tier holders receiving a larger share of the pool. Eternals do now play by the Mortals' rules.

III

IV

V

ETERNALS

ADDITIONAL TIER PROGRESSIONS BEYOND LEVEL V

Upon completing the full progression from Level I to Level V, holders have the option to initiate a new progression cycle. This allows users to experience the journey anew, gaining access to the core benefits intrinsic to each DOT at each tier. However, for this additional progression, it's important to note that any \$XDRIP token bonuses associated with the DOTs are not calculated twice. This means that while users can unlock the unique advantages and intrinsic rewards tied directly to each DOT, the \$XDRIP token bonus will apply only once, based on the initial progression. This approach encourages continuous engagement and mastery within the system, while maintaining the integrity of the token-based rewards associated with the first progression. The Eternals represent a unique tier of their own, and any holder is eligible to possess a maximum of 1 Eternal.

NOT YOUR ORDINARY NFTS!

EMBRACE XDRIP'S DOTs

Common Medal, forged in the fires of battle, honors the unwavering courage and steadfast determination of XDRIP warriors. This emblem recognizes those who consistently face adversity with resilience and commitment, playing a foundational role within the XDRIP community. Bearing this medal signifies a warrior's dedication to the cause and their readiness to uphold the strength and integrity of our ranks in every challenge they encounter.

UNMATCHED EXECUTIVE BENEFITS AND RETURNS

Forged in celestial fires, The Eternal DOT embodies a bond of absolute strength with XDRIP Digital Management LLC, reserved for those who seek influence beyond the ordinary. This singular emblem bestows an authority that extends deeply into our realm, empowering its holders with a lasting presence and rare access to the inner sanctum of XDRIP's vision. As custodians of this legacy, they stand unmatched in their role, helping to shape the future with every step.

THE ETERNALS

UNMATCHED EXECUTIVE BENEFITS AND RETURNS

THE ETERNALS

Eternal Membership: The Executive Investment Opportunity

The Eternal is not a tier—it is, as the name implies, an elite investment opportunity for only 20 visionaries to join the Executive Leadership Circle of XdRiP Digital Management LLC. This is your chance to become a founding architect of a platform poised for global disruption, offering substantial financial returns, strategic influence, and an enduring legacy.

Why Invest in the Eternal Membership?

The Eternal Membership provides you with executive-level access, a direct influence on the company's growth, and a unique stake in one of the most ambitious tokenization platforms in the world. This investment positions you at the pinnacle of decision-making, with unparalleled benefits that reflect your pivotal role.

Exclusive Benefits for Eternal Members

Executive Leadership Access:

Join the Executive Board, shaping the vision, strategy, and partnerships of XdRiP Digital Management LLC. Participate in board-level meetings, where you'll influence high-stakes decisions and innovative projects.

Strategic Voting Rights:

Gain voting power on key company initiatives, platform developments, and tokenization strategies, ensuring your voice defines the future.

Revenue Share & Earnings Potential:

Secure a 0.5% share of total platform revenue, reflecting the growing success and scalability of the company. Your revenue share increases as the platform expands across industries, creating massive future earning potential.

Early Access to Premium Opportunities:

First priority access to tokenized investments in real-world assets, gaming, financial services, and more.

Global Influence & Networking:

Collaborate with industry leaders, innovators, and other Eternal members to build a network with global impact.

Lifetime (Eternal) VIP Event Access:

Enjoy VIP access to all company-hosted events, industry conferences, and private gatherings.

Personalized Revenue Reports:

Receive detailed quarterly earnings reports, along with direct access to insights from the Executive Board.

Legacy Recognition:

Be immortalized as a founding visionary in a dedicated section of the platform, ensuring your contributions are celebrated for generations.

Positioned for Unparalleled Growth

By joining the Eternal Membership, you secure your seat at the decision-making table and position yourself for exponential returns as XdRiP scales across industries and platforms. This is your opportunity to shape the future of tokenized investments and leave an indelible mark on an industry poised for global transformation.
